

Isaiah's Reality

Course Outline

This is a quick overview of how the study works. Each lesson is divided up by each week, 8 weeks total. Each week has different lessons which include videos, fill in the blank handouts, reading and sharing with partners, as well as taking tests and learning about biblical understanding of the time period during Isaiah 6. Each week should give you about an hour of content, so when teaching this to your teams, you should be able to block off an hour each week, for the next 8 weeks, and complete this study together.

Please ask your team the "Question of the day" before you watch the weekly videos. It will give a good discussion before you dive in.

After watching the videos, you will complete the handouts with your team. Read the passages of scripture and then fill in the blanks. You, as the teacher, will have the answers and can provide them to your team.

Then, you will divide your team into partners to read and discuss the Biblical Moments. Partners will also answer the question at the end of the reading passage.

Handouts, tests or other videos will need to be completed based on that particular week. The Personality Test and 5 Voices Test are online and link is available within the Leader and Student guides. The Spiritual Gifts test has to be printed in order to complete by filling in the blanks and tallying score.

Isaiah's Reality
